

GROWING HOME 2021 CSA

FRESH. ORGANIC. LOCAL.

Community **S**upported **A**griculture

A CSA is a food production and distribution system that directly connects farmers and consumers.

In short: people buy "shares" of a farm's harvest in advance and then receive a portion of the crops as they're harvested.

Growing Home's CSA includes 7-9 main vegetables, plus an assortment of herbs or smaller produce items.

We host both a full share (16 boxes every week) and half share (8 boxes every other week).

Our 2021 CSA will run from the weekend of June 26 - October 17, with one additional make up week.

Growing Home has worked in Englewood for over a decade, and we are Chicago's first and only USDA-Certified Organic High Production Farm. Growing Home is Chicago's leading expert in farm-based training for people with employment barriers. We have impacted the lives of hundreds of workers and thousands of their family members by providing paid job experience and job-readiness training at our farms.

Our Farm – By the Numbers

5 Full-Time Farmers
